Meeting Minutes - Client Meeting #10

What Was Discussed:

- Updated Ruth on the progress we have been making on the database implementation
 - It is going week and we soon want to start implementing Instructor / TA views within the next 2 weeks (hopefully in time for peer testing #2) but for now we have just been working on student views.
- Let Ruth know that we have round 2 of peer testing coming up and we plan on sharing the findings with her again

Feedback/Questions/Concerns From Ruth:

- Ruth had questions about possibly having her students test the site.
 - We said this would be a good idea after peer testing so we can implement feedback.
 - Possibly will do this mid-march if everything goes well and the site is ready

Announcements:

- Next week is reading week so there will be no meeting with Ruth
